

Nobodys, Just Another Cunt

You think that you're so pretty.
You think that you're so sweet.
You ain't nothing but a piece of meat.
You're daddy's little princess, but you're someone's little bitch.
You make me sick. Yeahh.

You're just another cunt.
You're just another cunt.
You're just another cunt.
You're just another cunt.

Think you're a member of the social elite and everyone should bow down at your feet.
Turn up your nose at all the so called trash.
I gotta plug my nose so i don't smell your gash.

You're just another cunt.
You're just another cunt.
You're just another cunt.
You're just another cunt.
You're just another cunt.
You're just another cunt.
You're just another cunt.
You're just another cunt.
