

# Noctiferia, Mara

back again the equalizer of great,  
rich and poor always the same end  
and the new beginning pointless  
it seems so empty and plain  
see as they all see all the way always the same end  
and the new beginning  
so one day reaches the source  
so one day the ultimate goal  
she is the gate way back and back again  
she is the gate on and on how fortunate  
can man be the purifies,  
seeks and with wisdom follows  
so one day reaches the source  
the ultimate goal  
pain is inevitable  
suffering is optional  
she is the gate back again  
she is the gate on and on  
she is the gate way back and back again  
she is the gate on and on
