

# Nocturnal Rites, Not The Only

Lying awake, alone in my bed  
Voices are calling from inside my head  
You'd be surprised, if you knew what they really said

From my dark rooms, I've shut the world out  
I hide from the world can't you see,  
(it's) too painful to talk about  
I'm not what I used to be

Some things we leave alone  
And wish that we'd never known  
And sometimes we go too far  
To hide our scars

I am not the only,  
The only one who runs  
No, I am not the only one  
And when it's down  
To where we all run  
I'm not the only one

Break down the door;  
Let in the light  
I'm not the same anymore,  
I have to come clean you know  
These loose ends just got to go
