

Nocturne, Waiting for Anything

(Music and Lyrics by Chris Telkes)

I've been told that I'm not special
I'm not the one
I live my life
Content without direction
People always say, when they're looking at me
That they're not liking what they see
They try to hurt me, make me feel small
But I never felt one thing at all

I'm waiting

My unused brain is going numb
From all your revelations that will never come
You know it doesn't mean
That you're living life free
Just cos you're looking at things
That you don't want to see

The weight of the world is too much
To carry on my own
(won't you carry it with me?)
The weight of the world is too much
To carry on my own
(won't you carry it for me?)

(Chorus)
I'm not the one
Who time keeps changing
I'm not the one
To put your trust in, believe me

The weight of the world is too much
To carry on my own

(Chorus)
Love, you're in love
You're in love, you're in love
But not with me
(Chorus)
