

# NOFX, 100 Times Fuckeder

fighting with gloves  
now we're the ones a hundred times fuckeder  
hitting above the belt  
now we're the ones a hundred times fuckeder  
citing the facts  
now we're the ones a hundred times fuckeder  
exposing all the lies  
now we're the ones a hundred times fuckeder

we get what we fucking deserve  
bringing raised fists to a knife fight  
you'd think developed minds could learn  
not to give benefit of doubt  
you wouldn't trust a hungry animal  
around your newborn, would you?

sharing the wealth  
now we're the ones a hundred times fuckeder  
taking the high road  
now we're the ones a hundred times fuckeder  
showing respect  
now we're the ones a hundred times fuckeder  
giving a shit  
now we're the ones a hundred times fuckeder

did anyone really expect  
to win a race already fixed  
the spoils doled out in advance  
the appointed already picked  
all allegations of fraud  
categorically dismissed as absurd
