

NOFX, Drug Free America

we believe in a drug free amerika
a drug free amerika for me
that's the way we believe
that way that it should be
drug free amerika for me
like in amsterdam where drugs
are bought and sold legally
let's take it one step further
and make them all for free
drug free amerika for me
say &"nope to dope&" when its not free
say &"nah to drugs&" save you money
don't listen to facts just sit back
and relax and help make our country
drug free
