

Noise Ratchet, Why We Cry

Open up my eyes
Let me see your love
Yes I try, I try, I'm pressing down on my knees

Pick me up tonight
You are where I want to be
Angels gazing from a place divine

Open up my heart
Let me see your love
Yes I cry, I cry 'cause Jesus loves me
He knows my heart (knows my...)

Pick me up tonight
You are where I want to be
Angels gazing from a place divine
