

NoMeansNo, Life in Hell

Foolish girl in swelling woman
Here's a blunt knife for your bosom
Here's the devil's hand to shake
Watch whta the others try to take

Hell
Life in hell

By your loving disposition
You let him get into position
And train his rising gun upon
The cevrix of your inner sun

Hell
Life in hell

Can you not distinguish pain?
Red nail and red shame

Woman, world in one complete
Your heart's awake, your mind's asleep
You spread your inner sun to make
A den for some sly, bassing snake

Which burns stronger?
I can't tell
Thw glowing sun?
Or fiery hell?

Hell
Life in hell
