

Nonpoint, Buscandome

What is the emergency?
Why are we moving so fast?
The questions you ask, they're too much for me.
If you don't know the answers,
well I don't think we can last.

[Chorus 1]

The things you want to know about me,
are the things I already want you to know.
Or, things that I want you to find on your own.
How can that be wrong?

[Chorus 2]

Yo soy lo que soy. (I am what I am)
No me voy. (I do not go away)
Buscandome. (looking for myself)

Should I explain what I'm trying to say?
Okay, here's how I feel in the nicest way.
Fuck you and everything that you believe,
you're supposed to know.
You deserve to know nothing.
Cause nothing's what you show!

[Chorus 1 and 2]

It doesn't matter if I'm wrong or if I'm right,
it only matters in the long run.
It doesn't matter how long the fight.
I'm fighting till I make this right for every one.
Only thing that matters is when we're done.

It's over and nobody's won.

[Chorus 2]
