

# Norma Jean, A-11

I just came in here from force of habit I don't intend to spend too much time in here  
But I heard you headin' for the teardrops and if you play A-11 there'll be tears  
I don't know you from Adam but if you're gonna play the jukebox  
Please don't play A-11  
( el.banjo )  
Oh this used to be our favorite nightspot and when he was here it was heaven  
It was here he first told me that he loved me and he always played A-11  
I don't know you from Adam..  
Please don't play A-11
