

Norma Jean, A-11

I just came in here from force of habit I don't intend to spend too much time in here
But I heard you headin' for the teardrops and if you play A-11 there'll be tears
I don't know you from Adam but if you're gonna play the jukebox
Please don't play A-11

(el.banjo)

Oh this used to be our favorite nightspot and when he was here it was heaven
It was here he first told me that he loved me and he always played A-11
I don't know you from Adam..
Please don't play A-11
