

Norma Jean, Company's Comin'

Oh mama I'm excited I'm almost out of breath
When I saw the light that made me run myself to death
I was on the mountain side when I looked down below
And glory be I thought I'd better come and let you know
That we got company's comin' company's comin' we got company comin' up the road
They're down the road about a mile they'll be here in a little while
There's company comin' up the road
Well Granny change your apron and Willie shine your shoes
Sally put your new dress on we got no time to lose
I'll go find a welcome mat and spread it out with cheer
I don't know yet just who they are can't pick 'em out from here
But we got company comin' company's comin' we got company comin' up the road
They're comin' up the mountain side Susie don't you run and hide
Company comin' up the road
(fiddle - el.banjo)
Well run out to the henhouse and wring a neck or two
We'll have chicken and dumplings and some yellow gravy too
Grandpa get your fiddle down they might want a tune
Everybody hurry cause them folks'll be here soon
Oh we got company comin' company's comin' we got company comin' up the road
Well let them all shout out aloud they'll be here in a minute now
There's company comin' up the road company's comin' up the road
