## Norma Jean, Dime At A Time

My whole life's saving's a two dollar bill That's why I'm here tonight I've got time to kill And I can tell my story about twenty times With two dollars in the jukebox one dime at a time Two dollars in the jukebox a dime at a time Play the same old song about a love gone wrong till closing time Two dollars oughta do me if you'll buy the wine And I'll put in the jukebox a dime at a time Pardon me mister mind if I sit down a misery likes company and I believe I've found

Somebody just as lonely don't believe I'm wrong

If you had a place to go to you'd've done been gone

Two dollars in the jukebox...

And I'll put in the jukebox a dime at a time
