

# Norma Jean, Don't Put Your Hands On Me

Don't look me in the eyes say you love me  
That's one more I don't ever wanna hear again  
Cause honey just last night that you went and shamed me  
You opened up your arms and you let another woman come in  
Don't put your hands on me after they been on her  
Don't put your lips on mine after you let 'em flirt  
I know it won't be the last time and I don't guess it was the first  
Don't put your hands on me after they been on her  
( guitar )  
Well they'd bet I'm such a stingy woman  
But I just never did like to fuss and sharin' my man  
And before you can open your mouth and say you're sorry  
I'm gonna have your old ring put off of my hand  
Don't put your hands on me...  
Don't put your hands on me after they been on her
