

# Normal Generation, Saved!

This is a song for everyone who had an experience, which is formally known by Christians as a conversion, it just means that you got to know Jesus Christ ' by the way the greatest guy in the whole universe. Side effects like overwhelming joy must be accepted as normal and 'Saved' is a good opportunity to get rid of it.

Oh you know I love you  
I love you everyday  
And I will never leave you  
You took my sins away

No more crying, no more dying, no more fighting  
I know you'll be with me  
My heart is smiling, my feet are dancing  
You are my father I know I'll be with you

I'm Saved  
Thank you

Freak out freak

Oh you know I need you  
I need you every day  
And I will never leave you  
I promise you to stay

The stars may fall  
The sun not rise anymore  
Your faithfulness and grace will shine on through  
I hold on to you  
Put all my trust in you  
Forever I'm saved no doubt that's true
