You gotta get to the front and then you can't stop running

Everybody know what's going on
Come on now you know what's going on

everybody knows what's going down
(can't stop running)

So what you think you looking at?
Yo don't be such a damn snob
So you better grab a mic and a friend like the party's your job like the party don't end
and you might as well just rock the bells
Or raise a glass or SHAKE YO ASS
