

# Not Like Them (NLT), That Girl

[Verse 1]

I ain't never met a girl before  
That came on in and shook up my life  
Someone who'd make me give up everything  
Go for broke and fall in love  
And baby girl that's something  
Oh! My heart, my time, it's nothing  
Girl, oh! Her kiss, just can't do with out it  
OH! There's something about the things you do  
Ho! And everytime I think of you  
I get excited 'cause you're my girl

[Chorus:]

(That girl)  
Just the way I like it  
Gotta have it just the way  
(that girl)  
Keep me open I be hoping that I'm gonna be with (that girl)  
I can't believe (that girl)  
She's killing me  
Crazy, sexy, cool baby you that girl.

[Verse 2]

Nothing about this girl is typical  
Body right out Vibe Magazine  
And she's just so incredible  
She's the type of girl that you might search your whole life for  
Oh! My heart, my time it's nothing  
Girl, oh! Her kiss, just can't do with out it  
Oh! Something about the things you do  
Ho! And everytime I think of you  
I get excited 'cause you're my girl

[Chorus (x2)]

[Bridge]

Baby takes me high  
I just can't explain it somethings got me feeling her love  
Baby, but even if I try  
I could never shake it  
Oh my baby's got me in love  
(that girl) That girl that girl HEY  
(that girl) That girl that girl HEY  
She knows how to do it yeah yeah  
She knows how to do it

[Chorus]

That girl That girl  
That girl that girl  
(Oh that girl you know I like that girl)
