

Novaspace, Paradise

Cant sleep tonight

Im still waitin

For a wonder soon to happen

And I pray

Is there anyone out there ?

I need consolation

Why cant I still be with you

I thought it was paradise

When I found you

Paradise

Have I been wrong ?

I thought it was paradise

But Ive been mistaken

You left me here all alone

Cant see the light

And Im losin

Any hope, theres nothing that I havent tried

Is there anyone out there

To relight the fire ?

Why dont you give me a sign ?

I thought it was paradise

When I found you

Paradise

Have I been wrong ?

I thought it was paradise

But Ive been mistaken

You left me here all alone
