

# November Blessing, Breaking In

My heart is yours it's yours for the taking  
hush baby just fall back to sleep  
i'm breaking in, breaking into your dreams  
gonna make you fall back in love with me  
Back in love with

Me and your dreams are wrestling  
and don't you know baby that i'm the king  
Don't challenge me darling

Cause i'll have to teach you something  
Something x3

My heart is yours it's yours for the taking  
hush baby just fall back to sleep  
i'm breaking in, breaking into your dreams  
gonna make you fall back in love with me  
Back in love with

Me and your dreams are finished wrestling  
and i've proven baby I'm still royalty  
so watch out for me darling  
cause i'm coming for you baby

For you x3

My heart is yours it's yours for the taking  
hush baby just fall back to sleep  
i'm breaking in, breaking into your dreams  
gonna make you fall back in love with me  
Back in love with me  
with me
