

NRG, Breakfast At Tiffany's

When the milky white curtains softly move
I kiss your cheek as you are still asleep
I want to spend all the mornings and nights with you forever
Every wedding anniversary and your birthday,
I want to sit at the beach and think about our memories
And sing underneath the moonlight together
I will give you everything you want just for you
I will give all the stars in the sky for you
Its not a lie, believe me, I swear this to you
The only thing I can do right now is just steal glances at you
But I will freely fly to you someday
THIS IS MY LOVE

narration)

Hello, this is Yomin. The first time I saw her was on a late summer afternoon.
Sungjin and Moonhyung tells me not to look at a tree that I cant climb
But you just watch! I will marry that girl. Im the only person who can make her happy
Me... just me...

Your eyes are so clear,
Whenever our eyes meet my heart seems to stop
So I always put my head down like today
I will give you everything you want just for you
I will give all the stars in the sky for you
Its not a lie, believe me, I swear this to you
The only thing I can do right now is just steal glances at you
But I will freely fly to you someday
THIS IS MY LOVE
