

NRG, Face Off

MainStream came to
make you bounce
OJ came to make you bounce
Dyverse JW is in the house
Unthinkable party
I hope you can feel me
With my brand new music
gotta move gotta groove
Raise your hands shake that body
My arrogant stage performance
This song my music
Keep on keep on keep on
It starts now
Get up get up try to shake
shake yo body
keep mov'in
Get drunk of the oh oh oh rhythm
Leave your body to the music
don't stop come on
No matter how distrusting
I am here right now
Now baby forget everything
Now shake right here Oh
Tonight Im going to go towards you
Get it high and feel it with your body
Kiss, your heart speaks
No no no I hope for your heart
Tonight Im going to go towards you
Get it high and feel it with your body
Kiss, your heart speaks
