

Nu Flavor, Call Me

The word is out, that I'm a bad "g"
Girl you know that's crazy
They just don't know a damn thingg about me
I hope that you're not hesitatin'
'Cause you know I got a, reputation baby

'Cause you're bringin' out the man in me
Oh lady, it's my natural reaction
Girl you know I wanna get with you
And give you satisfaction, so won't you call me, girl?

[CHORUS:]
Call me, if you want me
'Cause I got somethin' that'll make you happy
Call me, if you need me
'Cause you got something, make me come runnin'

Girl it's not too hard to see
That I, am diggin' on you baby
And you're makin' it hard for me
'Cause I need to know if you feel it too, girl

No doubt you really got it goin' on, (ooo baby)
I'd like to get to know you better
And you know that you can call me, girl
Baby, day or night, in any kind of weather

[CHORUS]

'Cause I don't wanna be a player no more
Just say the word and I'll be right at your door

[CHORUS]
