

# Nu Flavor, Kiss Goodbye

Can somebody tell me when  
I might feel like myself again  
And how long will it be  
Till I can face this reality  
My friends are callin'  
But I can't get out of bed  
Because I'm so afraid  
That the tears will start to fall again  
Chorus...  
So what can I say  
Though what can I do  
Lady can't you see that I'm missing you  
There's nowhere to run, there's no where to hide  
And you know it's tearing me up inside  
Everytime we were together  
And I feel your loving arms around me  
Thought that we would last forever  
But I'm alone tonight  
And I beg you please give it one more try  
You know we were so good together  
Girl I need a kiss not a kiss goodbye  
And loving me now and till forever  
Speaking...  
Like a sad movie on a screen  
Our story has no happy ending  
Now the world is cold like fallen snow  
A cold lonely wind blows  
We kiss goodbye on a lonely street  
And then you walk away from me  
Now my heart it waits to accept sorrow  
Tell me I don't make you see  
What I'm feeling in my heart  
Cause I'm hanging over memories  
And try not to fall apart  
Feels like I'm drifting like a kite with a broken string  
And I keep holding on  
But girl I really need you here with me  
Chorus...  
So what can I say  
Though what can I do  
Lady can't you see that I'm missing you  
There's nowhere to run, there's no where to hide  
And you know it's tearing me up inside  
Everytime we were together  
And I feel your loving arms around me  
Thought that we would last forever  
But I'm alone tonight  
And I beg you please give it one more try  
You know we were so good together  
Girl I need a kiss not a kiss goodbye  
And loving me now and till forever...yeah  
I'm begging you please give us one more try  
You know we were so good together  
Girl I need a kiss not a kiss goodbye  
And loving me now and till forever
