

# Nuclear Assault, Long Haired A\$\$hole

Me and a buddy Joe were hanging...  
Out in a bar the other night  
And we got into this little argument  
With some people with short hair  
And they called us a bunch of long haired assholes  
I thought that was kind of unfair  
Well people with short hair and business suits  
The caused the S&L disaster  
We'll be paying for that for the rest of our lives  
But I'm a long haired asshole I'm a long haired asshole  
Well people with short hair and business suits  
The run the CIA  
They break the laws they're suppose to protect  
The laws they're suppose to obey  
And people with short hair and business suits  
They run all organized crime  
They dress real neat and smell real sweet  
Well people with short hair and business suits  
Are responsible for all these disaster  
But that don't change the way they walk  
Lord, I'm still a long haired asshole  
I'm a long haired asshole
