Number1hater, Hollywood

This loves Gonna fade Away
She wants A man so I guess I'll stay
She likes cranberries on a hot day
She's got some nice abs and long legs
straight from Hollywood she makes me feel so good
She makes me feel alive. like I can touch the sky
I like the way she moves. I like her attitude
I like her Gucci style. I like the way she smiles
Id walk a million miles just for a little while
Hickies on the neck From when we had sex
You cant stop me now I like to sleep around
No matter what it takes My heart will never break
This loves Gonna fade Away
She wants A man so I guess I'll stay
She likes cranberries on a hot day

Now rewind the time .Back when you were mine
Back when I was sprung we were so deep in love
You always picked me up when i was feeling stuck
you told me that i was the one you were thinking of
Now I wanna be your total everything
What's the diagnoses I got you white rose
I like your juicy lips. I'm in between her hips
you know i rock your body your friends say i'm a hottie
you say I'm so conceited But I don't see it
I like to do my thing. I stutter when I sing
I hit it like a pro and Now its time to go
