

# NUN electro, Thunder

I saw you the other day  
You looked at me in such a special way  
Then this came down on me  
It's not alright, it's not supposed to be

Thunderstorm and wind blow  
Carry you to my shore  
You don't see the right side of my heart  
Thunderstorm and wind blow I've been waiting so long  
But you don't see the right side of my heart

I saw you the other day  
You held her hand in such a special way  
The world came down on me  
But that's alright, cause that was meant to be

Thunderstorm and wind blow  
Carry you to my shore  
You don't see the right side of my heart  
Thunderstorm and wind blow  
I've been waiting so long  
But you don't see the right side of my heart
