

Nuno Bettencourt, Fuck You

F**k you - you really like that money
F**k you - I bet you bet it's funny
F**k you - your pillow full of nickels
F**k you - as long as you can sleep at night

F**k you - you truly are my best friend
F**k you - forever never ending
F**k you - you love me like a brother
F**k you - you rob me like a...

You got no spine
You live your lie
You hide your story
And even though it's not the money
It's the pain
You hide in vein

I'll see you sorry
Cause what you greed is what you get

Take it all

F**k me - I can't believe I bought it
F**k me - I would have never thought it
F**k me - your financial amnesia
F**k me - later when I see zure

Take it! what? you can't hang on?
I can't take it what you want from me
You wanna watch me bleed
Pain pain go away
F**k with me some other day
