

# Nuno Bettencourt, Monkey Paw

Stop. why does this keep happening to me  
Zit for real. what's the deal  
Stop. day and night the only friend to me  
Is negative energy  
Stop. what kind of voodoo shit is this  
This is no accident  
Freeze. no I got no reason  
It's a co-incidence

He'll bring me all the luck I ever needed  
He'll rid me of the bad

Stop. I'm fighting an imaginary war  
Seek the curse and destroy  
liii. went to seek the service of a witch

But of course I'm firehorse

I'm talking I'm talking monkey paw

Stop. been trying to get this monkey off my back  
All along I was wrong  
Stop. now I must restore some dignity  
Sanity come to me  
Ahh. I'm finally free from all the chaos  
Madness. hallelujah

He brings me all the luck I ever needed  
And he rids me of the bad  
He brings me all the luck I ever needed  
And he's always there for me
