

# Nunslaughter, Blood for Blood

You say love God  
I say kill the Jew  
You say I'm forgiven  
I say fuck you

Blood for blood is pain and misery  
All for one insane epiphany  
What I feel is hate and suffering  
Blood for blood is God worshipping

Standing on top of the mountain  
Looking toward the river of Styx  
Your denied God hangs upon his crucifix

Blood for Blood

The fools with religion  
Will fall to their knees  
Any chance I get  
I'll make those fucking bastards bleed
