

Nuts Can Surf, Plexiglass

Crampled example of a unified form

Made me bad about watchin' the porn

About old women bakin' out in the sun

Eatin' hollow weenies out a hot dog bun

Turn around

Spit it out

Turn away

All the way

Wrinkled disfiguraed bleach washed face

Wish I had a tongue so I could savor the taste

And I'm tryin' not to spout off at the lip

So I'm sickin' my face where you want it

(refrain)
