

# Nuts Can Surf, Sun Valley Deth Trap '84

When I run up the phone bill without any shoes

I gotta confess it gives me the blues

Like a down home turkey with out a soul

Blowin' on a trumpet in an old folks home

Bobcat stuck up in a tree

Sittin' on the sofa watchin' Mac an me

Bottle rockets

Cops an robbers

Robin hood

Stealin' flounders

Naked on the beach an I bust a move

The sand in my crouch makes me kick a groove

Every one around me when I cut the cheese

Put it on a cracker up my sleeve

Rip threw space

Smash my face

Ginger's locked in my suit case
