

NxWorries, Where I Go (feat. H.E.R., Anderson .Paak & Knxwledge)

She wanna know where I've been
And who I seen
She wanna know where I'm goin'
And can we meet?
She say I'm so terrible
But this is me
I love her from head to toe
And in between

I know we do a lot of back and forth
I know we do a lot of fast and slow
I know I'm gon' contradict myself
I know you gon' ride the dick like a pro
I know you got a lot of faith in me
I know you put a lot of things on hold
I hope you got a policy, yeah, yeah
You know you got a lock on the whole thing

Look
I had to tell you somethin', tell you somethin' before you go
I left a lil' somethin' special in the envelope
I had to mail you somethin', tell me when it's at the door
And when you open it, I hope you get hysterical
I had to share it with somebody that I really trust
So when we celebrate, hmm, I'ma hit you up
I had to go and find a runnin' mate who wouldn't rush
I hope you know it was imperative

She wanna know where I've been (Where I've been)
And who I seen (Baby, that's no one)
She wanna know where I'm goin', yeah
Yeah to check in (You know it)
She say I'm so terrible (Terrible)
But this is me (You know it)
I love her from head to toe (Head to toe, yeah)
And in between

I know we do a lot of back and forth
I know we do a lot of fast and slow
I know I'm gon' contradict myself
I know you gon' ride the dick like a pro
I know you got a lot of faith in me
I know you put a lot of things on hold
I hope you got a policy yeah, yeah
You know you got a lock on the whole thing

Know that you my mother fucking cinnamon apple
Know that when it comes to loving you I'm a natural
Know how much it hurt me, but that in the past though
When I'm all alone, better not be with that hoe
Ohh, had to deal with your sides and pieces
I put two and two together in the sequence
I promise I am trying not to be on defense
But I'm reminded of it

She wanna know where I've been (Where I've been)
And who I seen (Baby, that's no one)
She wanna know where I'm goin', yeah
Yeah to check in (You know it)
She say I'm so terrible (Terrible)
But this is me (You know it)
I love her from head to toe (Head to toe, yeah)
And in between
