

# Ny, Trophy Boy

Hey!  
Pretty boy you know  
How the world turns  
One wrong move and  
You?ll get burnt  
I can see you need motivation  
Let me give it to you  
Yeah  
Come taste the fruits of my hustle  
Fly with me private jet fuel  
Consider this your invitation  
You don?t even know

You, you can change your life right now  
You turn it all around right now  
You I ain?t tryna hold you down  
You know /4x

Think I?m really looking for a trophy boy  
Someone to ride on the passenger side  
/2x

Which one of you?s with me?  
You can have this and you can have that  
And if you man up then  
You get a call back  
Think I?m really looking, really looking for a trophy boy  
Trophy boy

Looking for my trophy  
For my trophy  
You could be my trophy boy  
/2x

Let?s go from London to Cairo  
Show you the places that I know  
Walk the red carpet in Moscow  
With you on my arm  
Upgrade you from good to amazing  
Don?t listen cos they?re only hating  
Sky is the limit no faking  
You don?t even know

You, you can change your life right now  
You turn it all around right now  
You I ain?t tryna hold you down  
You know /4x
