

# Nylon Beat, Yo-Yo (English Version)

Like a yo-yo jumping around  
Wrapped around my finger  
You bring me joy  
You're my toy going up and down  
Don't you see I'm spinning my yo-boy, oh boy

There's a game that I love to play  
It takes two to make it happen  
It's like love but not the same  
'Cause the rules are made another way

Like a yo-yo jumping around  
Wrapped around my finger  
You bring me joy  
You're my toy going up and down  
Don't you see I'm spinning my yo-boy, oh boy

Yo-yo jumping around  
When I pull at the wire and draw you here  
You're my yo-boy spinning around  
And I know that you will always be near

When the game has come to end  
I stick you in my pocket  
And in case I should I should need you again  
I know I've got a toy-boy friend, friend

Like a yo-yo jumping around  
Wrapped around my finger  
You bring me joy  
You're my toy going up and down  
Don't you see I'm spinning my yo-boy, oh boy

Yo-yo jumping around  
When I pull at the wire and draw you here  
You're my yo-boy spinning around  
And I know that you will always be near

Yo-yo jumping around  
Yo-yo spinning around

Like a yo-yo jumping around  
Wrapped around my finger  
You bring me joy  
You're my toy going up and down  
Don't you see I'm spinning my yo-boy, oh boy

Yo-yo jumping around  
When I pull at the wire and draw you here  
You're my yo-boy spinning around  
And I know that you will always be near
