

# O.C. Supertones, Forever

I've never had this feelin'  
Like someone really loves me  
But Jesus truly loves me  
It's got my mind reeling  
I found the information  
In lyrics David penned  
His savior and his friend  
His love's without condition

(Chorus)  
I know it sounds improbable  
But nothing is impossible  
God's love goes on  
forever, forever, forever, forever,  
forever, forever, forever, forever,  
forever, forever, forever, forever,  
forever, forever, forever, forever.

Love has always left me  
As quickly as it came  
But this is not the same  
God never will forsake me  
Me, I'm so unfaithful  
God I don't deserve it  
Receive it and be grateful

(chorus)

It's difficult to think of  
Something with no ending  
Not only everlasting  
God has no beginning  
Beyond my comprehension  
Too wonderful to feel it  
To wise men He's concealed it  
And to a child revealed it

(chorus)
