

Oasis, (Get Off Your) High Horse Lady

Get off your high horse Lady, I don't need a ride tonight
Get off your high horse lady, I don't need a ride tonight
Lay down

I hear your soul song singing from a fire in the sky
I hear your soul song singing from a fire in the sky
Rain down
Rain down

Get off your high horse lady, I don't need a ride tonight
Get off your high horse lady, I don't need a ride tonight
Lay down
