

# Oasis, Strange Thing

Here lives a pocket full of lives with no future  
Take it for what it is, it's only drunken lies  
You should open up your mind, look to the future  
You could be waiting for the ship that sails you home  
I'm going home

What would you give me for the songs that I've been singing  
How could you ever say that you've got more than me?  
Mick says that he can never get no satisfaction  
These days I think I know exactly what he means  
What does he mean?

You won't get  
You don't get  
What you need  
Life is a strange thing

You won't get  
You don't get  
What you need  
Life is a strange thing now

Here lives a pocket full of lives with no future  
Take it for what it is, it's only drunken lies  
You should open up your mind, look to the future  
You could be waiting for the ship that sails you home  
I'm going home

You won't get  
You don't get  
What you need  
Life is a strange thing

You won't get  
You don't get  
What you need  
Life is a strange thing now
