

# Oblivion Dust, Again

(You did)

Call my name, call me all of the time  
Another way to pollute the air around me sweetly... say something  
Feed me lies, feed me all of your lies  
I never notice, I never ever really had to... baby...

Please don't you let go  
'Cause I can't hold on my own  
Please don't you let go  
I'm trying... I'm trying

Sing a song, sing it all out of tune  
It's hard to listen to a voice that doesn't reach me lately  
The touch you give me with your sympathy gaze  
So hard to feel when I don't know who you're feeling for  
Don't know who you're feeling  
Don't know who you're feeling

You're breaking me  
You're breaking me again  
Again  
You're breaking me  
You're breaking me again  
Again

Close the door to what you have said  
Close the door to all that you did

For what it's worth  
You're all that I had  
You're all that I'm needing now... again  
You know you can't make me forget  
That you're breaking me again now

You're breaking me again now  
When I'm needing you  
I'm still wanting you  
Just keep hoping you'll feel  
The things that I want you to do  
But I can't be what you wanted  
I can't be what you want me to be

You get me low today  
You get me low with what you did  
You did, you did...
