GYVYBS MEDIS

(muzika: 2005/2006iema; odiai: 2005/2006iema)

Mirtis apkabina, aknis padabina,  
Gyvai nuodais - praeitim pavaiina,  
Ugauta styga gilumon panardina,  
Gyvybe ugimsta, ir mirt graudina...

Pradas be vardo, gyvyb&#281; valdo,  
Pasivys atsilikus keli&#261;,  
Paadins, prikels ikerojusi&#261; giliai...

Laas po lao per gyvenim&#261; nea,  
aknimis apsvijus tak&#261;,  
Gyvai nuodais patikrinsi galias...

Gimsta dang, sakalo akys,  
Pamato, vies&#261; neregim&#261;,  
Palieia tyliai - iurpas nupurto mane...

Trokta vir, rankos lyg akos,  
Atsispirs, nebelies ems kojom  
ras&#261; pavirs, kelias em&#281; sugry...

TREE OF LIFE

(music: winter of 2005/2006; lyrics: winter of 2005/2006)

Death's embrace, adorn the roots  
A pact made with poison, a pact with the past,  
Echoes of bowed strings sink into the depths.  
A new life is born and death turns to tears

An unnamed principle takes hold of life  
It will engulf what remains of the path  
It shall awaken and bring life from the depths

Piece by piece it consumes the path,  
Entwined with brittle roots,  
Poison be your essence

Born to the skies, in the eyes of a hawk  
See the light unseen  
Touch silently and chill my flesh

Longing for the heights, arms spread like branches  
Break loose from the earth underfoot,  
Forming dew, their path will lead back to the soil
