

Ocean Colour Scene, Cool Cool Water

Cool cool water where I rest my head
You keep me running to a single bed
Yellow moon rising on the riverboat wild
You keep me running like a child
Yellow moon rising on the riverboat wild
You keep me running like a child
Bobby don't know
He's got a funny way of seeing situations
Call him on the phone
And ain't it funny but he never seems to come home
Bobby don't know
He's got a funny way of seeing situations
Call him on the phone
Ain't it strange that he never seems to go home
(Repeat first verse)
