

# Ocean Colour Scene, Daylight

Daylight wake me and it awakes me with you  
All of the faces and all of the places are you  
Getting home and feeling glad  
Feeling love and love is mad

So daylight wakes me  
Daylight wakes me

Daylight wake me now I'm ready to come  
All of the faces and all of the places are done  
Getting home and feeling high  
Feeling love and love is life

So daylight wakes me  
Daylight wakes me
