

# Ocean Colour Scene, Justine

Is she coming home, I'll leave the light on  
But through times and space she'll go  
If she's coming home she won't tell me  
And I wonder if I should know

chorus: Wonder if I should feel something

Wonder if I should know

But it's dark in here

Tip-toe softly do not wake her

As she sleeps so very slow

Dim the light on her day-dream

But her dreams you'll never know

{Repeat chorus}

See her fading dress and frame its colours

For a memory you'll long to know

Drape the covers in her bedroom

But life freezes with melting snow

{Repeat chorus}

Ah...is she coming home...

Ah...is she coming home...

Ah...is she coming home...

Ah...is she coming home...

Ah...is she coming home...

Ah...is she coming home...

Ah...is she coming home...

Ah...is she coming home...
