

# Ocean Colour Scene, Two Lovers

Like a good boy when I got home from school  
I did my work for you  
Just a boy with my head in the clouds  
And I made it all come true  
And I got two lovers  
Jumping in and out of my bed  
One hates the other  
And the other wished the other was dead

Like a good boy I served my soul  
And I kept my peace with the world  
I got the sense when the time was sent  
Then I got my turn

And I got two lovers  
Jumping in and out of my bed  
One hates the other  
And the other wished the other was dead  
Two la la la lovers  
Two la la la lovers  
I'm coming home

When I was a boy at school  
I did my work when I got home  
Took the chance when I saw you  
Now I'm like a Rolling Stone

And I got two lovers  
Jumping in and out of my bed  
One hates the other  
And the other wished the other was dead  
Two lovers  
Jumping in and out of my bed  
One hates the other  
And the other wished the other was dead  
Two la la lovers, two la la lovers  
Two la la la lovers, two la la la lovers  
I got two lovers
