

# Oceana, Sunshine Every Day

Babe, babe, babe

Diamond days stay the \_\_\_  
No more trouble in your brains  
Lay on the ground  
Feeling free, living \_\_\_

Endless summer  
Up on night, in the hit  
Making swim on the beach

Take the swims, stepping stones  
Endless summer

I can lost, I can lost, I can lost  
I get so high,  
Endless summer

Watch the sunrise  
Watch \_\_\_  
Make easy to forget  
Frozen days might behind  
It's good time  
Endless summer

First the sound of this melody  
Make me thinking: you and me  
I wanna love you  
Endless summer

I can lost, I can lost, I can lost  
I get so high,  
Endless summer

I wanna \_\_\_ to this feeling  
Sunshine every day  
I wanna looking like it  
Beautiful, magical

Ooooo, eeee  
Ooooo, eeee  
So let me hear you say:  
Ooooo, eeee!  
So let me hear you say:  
Ooooo, eeee!

I can lost, I can lost, I can lost  
I get so high,  
Endless summer
