

# Oceansize, Relapse

Away with you man  
Think I can't feel you breathe down my throat?  
So feel my black shoe (?) with a (????)

Tempting, goading  
Reacting slowly  
Distance growing  
All safe in the knowing

That I... am waiting  
Sorry, you've lost me  
Bad connection  
Gripping through  
I feel the fear  
That you're here

A careless glance feels like a bloody blow  
So (????), So ill informed  
So carve a smile, I'll put it on my face  
We are relapsing  
We already did (?)

True (???) I see straight through  
Don't pretend to care  
I don't need you to  
Smile a million fake affections  
I can see through you  
I can see through you

Let me show you what  
A way for us to communicate  
I promise it isn't perfectly safe  
What you waitin' for?  
What you waitin' for?  
What you lookin' at?  
What you waitin' for?

Into the sun 4x

Touch and breath the heavenly greasy tide(??)  
I feel you breathe  
Sense of searching for the care in your eyes (??)  
It's here I fear (?)
