

Oceansize, The Charm Offensive

Senses oh how could you fail us now;
I check your heart still makes a hissing sound
Its just another name for sorcery
We still believe in what we never see
Our perception is but a camera trick
Authority a uniform
Another name for a second chance
You offer more, the sophomore
You offer more, we offer more

Goldmouth at full voice refuse
This should be our chance
we take this lying down
we take this lying

Goldmouth at full voice refuse
This should be our chance
we take this lying down
we take this lying

And it burns, it burns us all out as it blows Everyone Into Position

We love to lie and pretend that its all o.k.
We love to save all these words til another day
So dont think on your feet
Cos you sink from your feet up
Are you flirting with me?

Charm Offensive, perma-pensive, dream it all away
Some may kill you, as you continue, to lie for us, I pray

It burns, it burns us all out as it blows
And it burns, it blows Everyone Into Position
Harder to the opposition, harder to the opposition

Dont you think on your feet
Cos you sink from your feet up
But Im routing for you, routing for everyone, everyone, everyone

Theyve sold us out again;
Thrown us in the fire
They say were all the same
Well, yeah, but were not liars, liars, liars
