Oceansize, The Charm Offensive

Senses oh how could you fail us now; I check your heart still makes a hissing sound Its just another name for sorcery We still believe in what we never see Our perception is but a camera trick Authority a uniform Another name for a second chance You offer more, the sophomore You offer more, we offer more

Goldmouth at full voice refuse This should be our chance we take this lying down we take this lying

Goldmouth at full voice refuse This should be our chance we take this lying down we take this lying

And it burns, it burns us all out as it blows Everyone Into Position

We love to lie and pretend that its all o.k.
We love to save all these words til another day
So dont think on your feet
Cos you sink from your feet up
Are you flirting with me?

Charm Offensive, perma-pensive, dream it all away Some may kill you, as you continue, to lie for us, I pray

It burns, it burns us all out as it blows And it burns, it blows Everyone Into Position Harder to the opposition, harder to the opposition

Dont you think on your feet Cos you sink from your feet up But Im routing for you, routing for everyone, everyone

Theyve sold us out again; Thrown us in the fire They say were all the same Well, yeah, but were not liars, liars, liars
