

# October Fall, Someone Help With The Name Please

&quot;I miss you&quot;  
is the new way to say  
&quot;I want to hurt you again&quot;  
I always knew it all along  
that you'd come back to me  
but im not coming back to you this time  
this time...

So I stand broken  
nothings golden  
rearrange these laws of hope  
form to the shapes of our hearts  
When we stand we fall apart

I can still feel you on the edge of my fingertips  
(edge of my fingertips)  
On the edge of our fingertips  
(On the edge of our fingertips)  
grabbing for eachother

I can still feel you on the edge of my fingertips  
(edge of my fingertips)  
On the edge of our fingertips  
(On the edge of our fingertips)  
grabbing for eachother  
Desperately...
