

Odyssey, Move Your Body

Body, body, jump, jump, make my body move
Body, body, jump, jump, make my body move

Move my body, move your body
I can never stop it, never change it
Move my body, move your body
Let the beat control you like I told you
Move my body, move your body
We can turn it upside down

Move my body, move your body
If you're here I can't go wrong

Body, body, jump, jump, make my body move
