

Of Montreal, Butterscotching Mr Lynn

I like you cause you look like a giraffe stretching out it's neck to get to fruit in a tall tree. You're always occupied with girly things your room is filled with girly posters of teen idols and roller coasters and funny things like that you've got a red and purple striped stuffed animal cat that takes up half the bed. I like to pretend you're made out of a-drawbridge operator's favorite radio program "argh, you're listening to 81.3 sound of the sea"
